PRIVATE OCEAN SAFARI

Just like in an African Safari but in the open ocean. You will go out on a brand new center console boat of your choice with our expert crew and look for pelagic life. Depending on the season, you'll be able to see humpback and gray whales, over 5 shark species, dolphins, marlin, sea turtles, sea lions, whale sharks, mobula rays and if you are lucky, even orcas. Your private experience is designed and curated by renowned wildlife photographer and explorer Jorge Cervera Hauser, and often joined by him. He is also a pioneer in open ocean tourism in Baja.
